NO ENTRY WITHOUT FACE COVERING

Effective August 1, 2020, Executive Order #82 and Emergency Order #1 issued by Wisconsin Governor Evers requires face covering to be worn by every individual, age five and older, when indoors or in an enclosed space and another person is in the same room or enclosed space.

If you do not have a mask or other face covering on, please do not enter our facility.

Any individual inside an Equity Cooperative Livestock Facility without a face covering will promptly be asked to leave.
