

"I've been shipping cattle to Equity Cooperative Livestock Sales Association for over 32 years and am very satisfied. I've never tried to sell my livestock anywhere else because I'm happy with the results I get at Equity. Equity's Barron market is handy, they are honest, and I get a good price for my animals and know my livestock are in the best of care while they are at the market. I'm proud of the friendships I've made with the employees and truckers over the years."
